Transport for Wales Community Fund Applicant Guidelines

These notes should be read before applications are submitted to the Transport for Wales Community Fund.

What is the Transport for Wales Community Fund?

The fund is designed to support the resilience and sustainability of organisations. Maybe fundraising has had to stop, and other usual income streams have disappeared or maybe costs have gone up because more volunteers are being mobilized.

The main criteria is that groups can demonstrate how the funding will help sustain the organisation in the future and keep services going. The group will also need to state what the money will be used for and how this benefits the local community.

Transport for Wales Fund: Overview

The Micro Grants Fund will provide funding opportunities up to

. **£1000.00**

How the grant can be used?

The grant criteria is deliberately non-specific so that a wide range of activities can be considered. As long as the group can demonstrate the impact on the community and how the funding will help sustain them or their activity, then their application will be considered.

The grant can be used to deliver projects involving youth work, mental health services, art projects, support for the elderly, counselling, domestic violence, BAME projects, education, disability support, local empowerment, these are just a few examples. The grant does not have to be for project costs, it can be used for running costs including staff, bills, rent or maintenance as long as it can be demonstrated that these costs cannot be met by other means and that it will help the organisation remain active and sustainable.
